Projects executed

BPF's quality & compliance certificates

15%

Public Private Partnership projects

85%

B2B projects

BPF's customers come from all over the world:

40% North America

50% Europe (35% NL)

10% Rest of the World

## BPF's infographics

- 1  Impact of Bioprocess Pilot Facility 2012-2020
- 2  Unlock the potential of your biomass
- 3  Valorization of 1<sup>st</sup> and 2<sup>nd</sup> generation sugars
- 4  Benefits of piloting at BPF
- 5  Demonstration and pilot scale production at BPF
- 6  Benefits of Purification / Downstream Processing at BPF
- 7  Food and feed ingredients
- 8  Your biotech partner in assessing Technical Due Diligence

## PRODUCTS WE WORKED ON:

Food Ingredients

Biofuels

Fine Chemicals

Biobased building blocks

(Monomers for) Biopolymers

Enzymes

420,000 hrs

Hours of experience in Pretreatment & Hydrolysis, Fermentation, Downstream Processing and Food

5x

New commercial plants we helped in realizing or are helping to be realized

## BIOMASSES WE VALORIZED:

Empty Fruit Bunches

Wood (soft, hard)

Coconut-shell

Hazelnut-shell

Agricultural residues

Grasses

Straw
